Plastic Surgeon

Special Interests/Work with Patient Advocacy

Dr. Israeli is regarded as a leading advocate for breast cancer patients. He is the only plastic surgeon currently on the advisory board of the Adelphi University New York State Breast Cancer Hotline and Support Program, a group dedicated to addressing the psychosocial issues associated with breast cancer. For his leadership in post-mastectomy breast reconstruction, the American Cancer Society honored Dr. Israeli with their 2007 Physician of Distinction Award.

Research and Publications

Dr. Israeli has published more than a dozen articles on a variety of plastic surgery topics and has presented at numerous regional, national and international plastic surgery conferences. He has delivered more than two dozen lectures and grand rounds on the subjects of post-mastectomy breast reconstruction and abdominal wall reconstruction.

Important Information: Every patient is different and their reconstruction options and their results may vary. All depictions on the site are for illustration purposes only. Whether or not you have breast reconstruction is a decision you need to make in consultation with your physician. Only you and your physician can determine the best option for you. Please ask your doctor to explain the benefits and risk of various reconstruction options and whether they are right for you.
